# A Suit of Nettles by James Reaney

James Reaney

a brand new variation of James Reaney's vintage lengthy poem which has been described, variously, because the hardest and funniest, so much literary and so much critical lengthy poem in English-Canadian literature' (Germaine Warkentin) and conversely as whimsical self-indulgence' (W. J. Keith). "A swimsuit of Nettles" gained the Governor General's award for poetry in 1958.

unquestionably a very good piece of Canadian poetry. in the context of the broader world, possibly extra of a interest than anything... yet in Canada, it used to be a powerful paintings at a time that wanted one. the explanation I loved it so much, is de facto the verbal inventiveness of Reaney, mixed together with his nice feel of dramatic timing. A go well with of Nettles is definitely now not a play, however it is a bunch of dialogues. They final simply so long as they're intended to, with out overstaying their welcome. This is the 1st booklet of poetry A Suit of Nettles i have learn in your time that feels absolutely rounded. it sort of feels like we are not being given a section of life, yet requested to take all of it in a single mouthful. The e-book is usual in a manner that turns out natural, man made in a fashion that turns out artful, satirical in an incisive way, comedic in a young means - and certainly tragic in places. Honestly, there have been absolutely many stuff that escaped my consciousness this read-through. loads of depth, connections, even simple comprehension sometimes. i used to be simply alongside for the ride, exhilarated through the language and dramatics. now not a simple read, yet a pleasant one.
