Language itself - its resources, deepest lights, and profound A Sum of Destructions: Poems interaction with our lives - no much less engages him. He witnesses our reliance on that language in addition to the frustrations and confusions during which it frequently embroils us. via a voice jam-packed with awe, a summation of our lives, even if fragile, is Weiss's reward to us.

worthy a read, fairly "The backyard Beyond," that is a narrative of Eden advised through Eve. a few strains are wonderful clean verse that even Milton will be happy by, even though occasionally he falters within the meter and it sort of feels to disintegrate instead of supply a few friendly variance. The ebook is particularly cerebral. which means hangs at the grammar Weiss constructs. sometimes a few vibrant images, different occasions the that means is uncertain and there's no emotional tie-in to return to. Still, he has the sweeping gesture down and the minute info that draw us in.
