A NOVEL

A Thousand Deaths Plus One by Sergio Ramírez

Sergio Ramírez

In 1987, whereas on a country stopover A Thousand Deaths Plus One at to Warsaw, the writer occurred upon an exhibition of exceptional works by way of a hitherto unknown Nicaraguan photographer, Juan Castellon, who plied his craft in Europe among approximately 1880 and 1940. This unbelievable discovery launches Ramirez on a A Thousand Deaths Plus One eating quest to bare the forgotten artist's identification -- an obsession that at last takes him from Nicaragua to Vienna to Mallorca, and leads him to sift in the course of the evidentiary continues to be of a raffish entourage of ecu and Latin American madmen, nobles, adventurers, and poets. Meanwhile, in alternating chapters, Castellon tells his personal facet of the story, from his brilliant notion in Nicaragua, to an schooling in France courtesy of Napoleon III, to nights of debauchery within the corporation of his compatriot-in-exile Ruben Dario, to a last and unforeseen place of dwelling in a Nazi focus camp. 1000 Deaths Plus One is a coruscating novel that recapitulates, within the biographical snapshots A Thousand Deaths Plus One of and awfully usual man, the heritage of the quite unfortunate, to not say "nonexistent," kingdom of Nicaragua.

Una fascinante colección de historias de ficción con maravillosos apuntes sobre personajes históricos. Un deleite que satisface el apetito por los angeles ficción histórica. Las aventuras del fotógrafo Castellón se entrelazan con relatos de personajes reales del calibre de Rubén Darío, Chopin y George Sand y de lo acontecido o no en Mallorca. Narra l. a. suerte trágica A Thousand Deaths Plus One de reyes y princesas del pasado y los angeles no menos venturada de los personajes del presente; describe diversos escenarios desde palacios en l. a. selva y reinos miserables a lugares que pertenecen a mundos demasiado diferentes entre sí. Una alabanza a los ideales derrotados y a los sueños esquivos como el del canal por Nicaragua. los angeles lucha y el desencanto pertenecen tanto a los perseguidos como a los que creen ser dueños del poder. "El escenario de las ilusiones, que es el escenario de las catástrofes", como lo describe el autor, ve al espíritu valiente, los angeles sensibilidad artística y los sueños de prosperidad A Thousand Deaths Plus One relegados a meras fantasías cuando enfrentados a los angeles debilidad humana y al azar desfavorable se desvanecen. Una lectura muy variada que vale los angeles pena y que mantiene vivo el interés del lector. Termino con l. a. siguiente reflexión del autor, Sergio Ramírez, sobre los angeles vejez que nos l. a. comunica a través de los ojos de un fotógrafo y que me pareció diciente y acertada: "Envejecer es solamente ver a alguien cambiarse de tanto en tanto de disfraz hasta quedarse con el más ridículo de todos, que es el disfraz de l. A Thousand Deaths Plus One a. decrepitud".

A Thousand A Thousand Deaths Plus One Deaths Plus One
