# A Two-Colored Brocade: The Imagery of Persian Poetry

Annemarie Schimmel

Annemarie Schimmel, one of many world's most appropriate gurus on Persian literature, offers a finished advent A Two-Colored Brocade: The Imagery of Persian Poetry to the advanced and A Two-Colored Brocade: The Imagery of Persian Poetry hugely refined method of rhetoric and imagery utilized by the poets of Iran, Ottoman Turkey, and Muslim India. She indicates that those pictures were used and sophisticated over the centuries and replicate the altering stipulations within the Muslim world. based on Schimmel, Persian poetry doesn't goal to be spontaneous in spirit or hugely own in form. as an alternative it really is rooted in conventions and A Two-Colored Brocade: The Imagery of Persian Poetry ideas of prosody, rhymes, and verbal instrumentation. Ideally, each verse will be like a valuable stone--perfectly shaped and multifaceted--and exhibit the dynamic courting among daily truth and the transcendental. Persian poetry, Schimmel explains, is extra just like medieval eu verse than Western poetry because it has been written because the Romantic period. The attribute verse shape is the "ghazal"--a set of rhyming couplets--which serves as a motor vehicle for shrouding in traditional tropes the poet's actual intentions. simply because Persian poetry is neither narrative nor dramatic in its total form, its power lies in an "architectonic" design; every one accurately expressed picture is punctiliously equipped right into a trend of associated figures of speech. Schimmel indicates that at its middle Persian poetry transforms the area right into a net A Two-Colored Brocade: The Imagery of Persian Poetry of symbols embedded in Islamic culture.

Star-crossed fanatics it's a recognized incontrovertible fact that Annemarie Schimmel has written a number of books on numerous topics and personalities, together with Islam, Sindhi culture, Rumi, Mirza Ghalib and Allama Iqbal. Her publication A Two-Colored Brocade: The Imagery of Persian Poetry grew from a sequence of lectures which she gave at Harvard for greater than decades. The lectures have been intended to introduce scholars to the glorious global of Persian and Persian A Two-Colored Brocade: The Imagery of Persian Poetry poetry. She explains within the introduction: "A newer challenge within the interpretation of Persian lyrics is that the more youthful iteration of western-educated Persians or Pakistanis usually have little wisdom of literary traditions, and besides, many Persian, Urdu and Turkish phrases have replaced in which means during approximately a millennium, as has occurred in German and English as well. Misreadings and mistaken interpretations are usually the results of well-meant makes an attempt to appreciate classical poetry and make it understood to others." The German student should have recognized all too good that few Pakistanis learn books, depart by myself have any wisdom approximately literary traditions. Who may have recognized Pakistan and understood Pakistanis better: she visited the rustic not less than 38 occasions in the course of the process her life. In a bankruptcy titled "Ideal loving couples", Annemarie Schimmel talks a couple of much-loved subject between Persian poets: love stories. The outdated Arabic love tale of Layla and Majnun looks the favourite. the 1st Persian poet to regard the tale of the star-crossed fans was once Nizami along with his Layla-u-Majnun. Following within the footsteps of Nizami many different writers taken care of the tragic love story. Amir Khusrau, Jami, Mir Alishir Nawa'i and Fuzuli have been the various significant A Two-Colored Brocade: The Imagery of Persian Poetry ones. Mirza Ghalib too has alluded to the

plight of Qais in a few of his Urdu verses. However, the poets' fascination with the romantic protagonists didn't finish with poetry as Qais sitting within the desolate tract of the desert, surrounded by way of animals, turned one of many favorite topics of Persian miniature painters. Schimmel states: "Indeed some of the most touching miniatures of the Majnun circle, painted approximately 1540 by way of Mir Sayyid Ali, indicates little ones casting stones on the enchained madman. the mix of 'children' and 'stone throwing' remained universal in later poetry," together with that of Azad Bilgrami in 18th-century India. one other well-known Persian author Fariduddin Attar, who lived in Khorasan in the course of the moment half the twelfth century and good into the 13th, has alluded to Layla and Majnun in his most renowned paintings Mantiq al-Tayr (The convention of the Birds). the most tale is interspersed all through with various subsidiary tales. An extract from a translation of the e-book by way of S.C. Nott states: "At this the birds have been petrified with astonishment. Nevertheless, after they got here to themselves a little, they said: 'Will this nice King reject us so ignominiously? And if he quite has this angle to us, could he now not swap it to 1 of honour? take into accout Majnun, who said: 'If all of the those that live in the world wanted to sing my praises, i wouldn't settle for them; i might quite have the insults of Laila. one in all her insults is extra to me than 100 compliments from one other woman!'"Where Nizami was once concerned, he didn't finish his adventures on this planet of romantic tales with Layla-u-Majnun as he validated A Two-Colored Brocade: The Imagery of Persian Poetry his greatness with one other romantic poem: "Khusrau u Shirin". Khusrau, Farhad and Shirin, the protagonists in Nizami's epic "Khusrau u Shirin", are frequently mentioned in lyric verse as parallel with Layla and Majnun. Abul Qasim Firdausi had defined the affection tale of Khusrau and the Armenian princess, yet Nizami extra a 3rd size A Two-Colored Brocade: The Imagery of Persian Poetry with the creation of Farhad, an A Two-Colored Brocade: The Imagery of Persian Poetry architect who fell in love with Shirin. Farhad fulfilled all types of projects to be able to win Shirin's hand, or even dug a tunnel via strong mountain rock in order that the milk from Shirin's cows may perhaps move to the valley below. A grave within the Lasbela quarter of Makran, Pakistan, the place rocks round a spring are coated with whitish sinter is in the community referred to as the tomb of Farhad and Shirin as the white common source reminds humans of the milk flow within the Persian tale A Two-Colored Brocade: The Imagery of Persian Poetry of the star-crossed lovers. Later, Amir Khusrau too composed an epic "Khusrau Shirin". through then the tale of Farhad and Shirin had develop into common in Iran, Turkey and India. Persian literature is replete with many extra loving couples: Rustam and Tahmina, Zal and Rudaba (the daughter of the King of Kabul), Wamiq and Azra, and Yusuf and Zulaikha. the 1st pairs of fanatics are pointed out in Firdausi's Shahnama, that's the best fulfillment of Persian poetry. It used to be written in the course of the rule of the Ghaznavid A Two-Colored Brocade: The Imagery of Persian Poetry dynasty (962-1186). Its topic is the background of Iran from mythical instances to these of the Sassanian kings. notwithstanding Wamiq and Azra's tale is initially Arabic, they're larger identified in Persian culture throughout the retelling of a romantic poem by means of Unsuri at Mahmud Ghaznavi's court. Farrukhi too alluded to it. The subject matter of Yusuf and Zulaikha was once a very renowned one with Persian poets. Embellishing the Quranic account, they grew to become it right into a tragic love story, exonerating Zulaikha at the flooring that Yusuf's good looks was once irresistible. Jami, who's more often than not thought of the final nice classical Persian writer, wrote a poem referred to as "Yusuf u Zulaikha" that's certainly one of his top works. However, the place poets' romantic lifestyles was once concerned, it was once one in every of their most crucial tasks by no means to bare the beloved's identify of their poetry. A poet would

like to die instead of defame his beloved. Hafiz, who was once born in Shiraz, started to paintings at an early age in a bakery to assist his widowed mom out of debt. whereas offering bread, he fell head over heels in love with a very appealing Turkish woman, Shakh-e-Nabat (literally department of sugarcane). He expressed his love for her via his poems which made him famous. there's rarely an admirer of Persian poetry who doesn't find out about the ghazal which talks approximately "the Turkish great thing about Shiraz" who held Hafiz's middle in her hand. Yes, he was once such a lot prepared to even sacrifice Samarkand and Bukhara for the mole on her cheek. within the chronology, the names of numerous poets are pointed out who have been executed. After decades of commute and teaching, the mystic Hallaj "Mansur" used to be arrested, imprisoned and eventually brutally achieved in Baghdad on March 26, 922, simply because to a couple humans he seemed to contradict Islam's basic figuring out of the transcendence of God and threatened the social disorder. Suhrawardi, the "Master of illumination" (Shaykh al-Ishraq), a magical philosopher, used to be achieved in Aleppo in 1191. Nesimi, the Turkish Hurufi poet, used to be cruelly performed in Aleppo in 1405. However, it's not pointed out whether or not they have been carried out for revealing their beloved's name, for his or her non secular ideals or political leanings. Sarmad, the composer of depression quatrains and buddy of Dara Shikoh (Aurangzeb's brother), was once completed for heresy in 1661. Fariduddin Attar, lyrical poet, hagiographer, and writer of the best-known mystical Masnawis, used to be killed through the Mongol invasion of jap Iran in 1220. There are a few typos within the e-book — for example, on web page 289, the doyen of Indian realist cinema, director Satyajit Ray, is pointed out as "Satyajiv". except that, the publication is a smart resource of knowledge and will be learn via at leisure.
