After Dark. Phillip Margolin. 1995. Bantam. 354 pages. ISBN 0553569082. After darkish is Phillip Margolin's fourth novel written within the courtroom-drama kind Margolin has perfected on account that its unlock in 1995. Tracy Cavanaugh is a smart, profitable up-and-coming legislation clerk who lands a place operating lower than the celebrated Matthew Reynolds, a mythical safety lawyer. Tracy unearths herself curious about the center of an enormous plot and case concerning the homicide of a pass judgement on by means of his accused ex-wife named Abbie Griffen; a famed prosecutor who coincidentally additionally occurs to be Matthew's love obsession. therefore unravels a classy tale regarding murders, set-ups, and lies, lies, lies. I am a major fan of Phillip Margolin, yet After darkish isn't really certainly one of After Dark his top works and that i would not suggest it until After Dark you are a die-hard court docket junkie. Out of all of the characters within the booklet (of which there have been MANY we have been brought to; too many in my opinion!), Matthew Reynolds often is the so much unique. it is simple to get fascinated by After darkish as we study extra approximately Reynold's character, however the remainder of the radical seriously isn't as engaging. The barrage of small information and new characters thoroughly crush the tale in its entirety, and it truly is immensely effortless to turn into distracted. The finishing of After darkish is predictable, yet satisfying. there is not any want for me to bare After Dark more; no use for spoilers. My favourite booklet by means of Phillip Margolin to this point has been slumbering good looks (2004), and that i lately learn The affiliate (2001) which used to be additionally enjoyable. Margolin's most up-to-date novel is ideally suited Justice (2010). Read extra booklet stories at <http://dreamworldbooks.com>.
