# Akari & Sudoku by Nikoli

Nikoli

“Widely considered as the world’s such a lot prolific wellspring of common sense video games and brainteasers ... if someone comes up with the subsequent craze, will probably be Nikoli”—The manhattan Times In akari, the grid needs to be packed with mild bulbs in order that each sq. is illuminated. whilst a gentle bulb is put within the grid, it illuminates each sq. in a horizontal or vertical line that isn’t blocked by means of a black square. However, no gentle bulb might be illuminated through one other mild bulb, and the bulbs has to be positioned in order that every one numbered black sq. has the proper variety of mild bulbs adjoining to it. the principles are easy to remember, yet create a fancy logical international that sudoku solvers will actually appreciate.

## Akari Sudoku
