## Amber Dan Hot Pepper Jelly (Stella Etc. #5)

Karen McCombie

Selama ini Stella mengira dirinya cewek ABG paling pemalu di Portbay, tapi rupanya dia keliru, sebab sekarang ada Putri Pemalu paling baru, yaitu Amber, alias pelayan Kafe Shingles yang terkenal jutek. Rupanya Amber selalu memasang tampang jutek karena memang ia dianggap aneh, kikuk, dan sama sekali tak punya teman. Bisakah Stella, TJ, dan Rachel membantu Amber mendapatkan rasa percaya dirinya dan berubah dari pelayan kafe yang jutek menjadi cewek ABG menarik dan menyenangkan?

Stella's new to the little city of Portbay, yet she's already discovered a few reliable acquaintances in TJ, Rachel and Megan (and Bob, of course!) She attempts to prevent the moody waitress who constantly will get her order mistaken on the neighborhood cafe, however it seems painfully shy Amber may need her aid greater than Stella realized. Firstly, i am quite happy that the previous hide is the thumbnail for this book. I completely love the outdated covers with all of Stella's buddies on it, and i am now not fullyyt certain why. the recent covers (i have this booklet with the recent cover) are quite beautiful Amber Dan Hot Pepper Jelly (Stella Etc. #5) and shiny, however the outdated covers simply attract me more. Anyway. As a fifteen 12 months outdated girl, i love all of Karen McCombie's books-they're candy and straightforward to read, and also you do not have to imagine an excessive amount of approximately them. That being said, i would not purchase one for the whole price-I continuously purchase them from secondhand outlets or borrow them from the library. The books are too younger for me to pay 4 or 5 kilos for, and that i frequently learn them as soon as after which placed them on my bookshelf for ages. Her books are Amber Dan Hot Pepper Jelly (Stella Etc. #5) type of my responsible pleasure. Like with all of her books, Amber and the recent Pepper Jelly starts well, drags within the heart fairly a bit, Amber Dan Hot Pepper Jelly (Stella Etc. #5) and has a pleasant conclusion, with tricks as to who the hot good friend Stella will meet within the subsequent publication is. the entire ebook being an e-mail from Stella to Frankie is an effective idea, even if occasionally their emails can get a bit repetitive (it's just for 4 or 5 pages of the book, anyway). the entire characters are likeable, even if a few of the adults within the e-book simply fall into being stereotypical great men with Amber Dan Hot Pepper Jelly (Stella Etc. #5) out actual personality, and each personality who was once 'mean' Amber Dan Hot Pepper Jelly (Stella Etc. #5) before everything finally ends up being surely great on the end. yet it is a young ones Amber Dan Hot Pepper Jelly (Stella Etc. #5) book, so i do not fairly mind. Stella, and so on as a sequence is easily no longer amazing, or maybe that interesting, yet it is fairly enjoyable to learn them. Like I said, i would certainly learn the entire books, yet provided that they have been from a secondhand store or a library.
