# Aria of the Sea by Dia Calhoun

Dia Calhoun

at the island of Normost, within the country of Windward, 13-year-old Cerinthe Gale is a folks healer who goals of being a dancer. while her mom falls ill, Cerinthe fights to avoid wasting her -- yet fails. She blames herself for her mother's death, supplies up healing, Aria of the Sea and makes a decision to pursue dance. Cerinthe travels throughout Windward to audition on the university of the Royal Dancers, which accepts her even if she is a commoner. it's going to be the start of an excellent future, yet Cerinthe feels an vacancy she cannot identify. A confrontation with a tender man, a clash with a merciless teacher, a contention with an aristocratic classmate, Elliana, and a gathering with a mederi -- a healer with magical powers -- upload to her anguish. When the contention among the 2 ladies reasons a bad accident, Elliana's existence hangs within the balance. Cerinthe faces an identical lousy selection she had confronted along with her mother: should still she attempt to heal Elliana herself or desire that the mederi arrives in time? in simple terms the tune of the ocean Maid holds the answer.

Il sogno di Cerinthe Gale è quello di diventare una ballerina, esattamente come ha coffee sua madre poco prima di morire. Desiderosa di superare l'audizione all'Accademia Reale di Balletto, Cerinthe si reca a Faranor, capitale di Sopravvento. Lascia los angeles sua casa e, al fianco di suo padre, si trova nella prestigiosa Accademia. Il modo di scrivere di Dia Calhoun è molto particolare, l. a. trovo molto dotata nel fare Aria of the Sea le varie descrizioni; il lettore è immediatamente catapultato nell'Accademia e ogni luogo ed emozione è ben descritta. Ho studiato danza in step with anni quindi so un po' di cose in merito e le ricerche della scrittrice sono molto buone. Cerinthe Gale scopre di non essere ammessa ai corsi e, nonostante los angeles delusione sia cocente, non ha intenzione di tornare a casa, dove i ricordi di sua madre che muore sono troppo vivi e lascia partire solo suo padre. los angeles nonna di Cerinthe è una guaritrice e grazie all'uso delle erbe anche Cerinthe ha cercato di imparare qualcosa in merito. l. a. sua improvvisazione nel curare gli altri sembra essere un dono ma quando, pace prima, Cerinthe cercò di salvare sua madre, ammalata, però los angeles uccise. Aria of the Sea Da quel giorno Cerinthe ha deciso di lasciar perdere l'arte della guarigione e non pensa quasi mai alle Mederi, le varie garitrici. Adesso più che mai Cerinthe non può più pensarci, visto che non è stata presa all'Accademia e vuole trovare una soluzione according to studiare comunque danza: los angeles scrittrice ci mostra una protagonista abbastanza determinata che make a decision di realizzare il suo sogno a tutti i costi, così si ritrova a lavorare come sguattera nell'Accademia Reale di Balletto. In un modo o nell'altro vuole riuscire a salire i piani che l. a. porteranno a danzare nelle sale di danza! Dopo vari eventi e incomprensioni, Cerinthe diventa una bravissima ballerina e, non appena diventa una studentessa, le invidie intorno a lei salgono. Ci sono chiacchiere, pettegolezzi, sudore, prove, liti... quella scuola improvvisamente in keeping with Cerinthe rappresenta soltanto los angeles parola terrore. period questo ciò che si aspettava? La scrittrice descrive molto bene l'ansia della protagonista e i suoi dubbi sulle scelte che los angeles vita le mette davanti. Non è Aria of the Sea una trama profonda ma ho decisamente letto libri peggiori! Anche gli altri personaggi sono ben approfonditi, specialmente Elliana, un'altra studentessa di danza, che si trasforma nell'acerrima nemica di Cerinthe. Un altro personaggio che mi piace è Tayla, una domestica che sogna una vita migliore e che è amica di

Cerithe. La scrittura di Dia è scorrevole e sono andata avanti specialmente consistent with le descrizioni dei luoghi. Se non avessi studiato danza non sono sicura che avrei continuato a leggere il libro, che è molto artistico. Non ho ancora finito di leggere il libro, quindi sicuramente aggiungerò qualcos'altro alla recensione! Oggi ho concluso il libro; alla tremendous credo che finisca un po' troppo velocemente. Il vecchio Skolla, un uomo che intaglia il legno e al quale Cerithe si confida, si rivela un personaggio molto saggio, com'era prevedibile. a good libro i dubbi di Cerithe sono molti: danzare o diventare una Mederi? Come ogni tredicenne (e anche più adulte) Cerithe ha molti dubbi Aria of the Sea ma los angeles morale del libro è seguire il nostro cuore e provare a realizzare i nostri sogni. Infine credo che three stelline siano ben date; l. a. lettura è scorrevole, il modo di scrivere semplice ma ben descritto e los angeles protagonista è piacevole. Le morali ci sono e sono migliori di tanti libri contemporanei.
