Murphys is a bustling little city within the foothills--a city so renowned that it will not be little for long. It is a favourite for weekend jaunts, and residential to an eclectic staff of individuals attracted by way of the ordinary surroundings, laid-back lifestyle, and, increasingly, world-class wineries. Initially named for the buying and selling camp of John and Daniel Murphy, the world turned a boomtown in the course of the Gold Rush, and later hosted such notables as Mark Twain, Black Bart, Ulysses S. Grant, and Horatio Alger. Nearby, the majestic stands of redwood at Calaveras Colossal Bushes National Park stand sentinel over the gullies and ranches of this area, which has replaced a lot because of the 1800s yet nonetheless keeps its compelling forested beauty.
