# Art and Society in Cyprus from the Bronze Age Into the Iron Age

Joanna S. Smith

Dramatic social and political switch marks the interval from the tip of the overdue Bronze Age into the Iron Age (ca. 1300 seven hundred BCE) around the Mediterranean. Inland palatial facilities of bureaucratic energy weakened or collapsed ca. 1200 BCE whereas entrepreneurial trade by means of sea survived or even expanded, turning into the Mediterranean-wide community of Phoenician trade. on the center of that approach was Art and Society in Cyprus from the Bronze Age Into the Iron Age once Kition, one of many biggest harbor towns of historic Cyprus. past learn has urged that Phoenician rule used to be tested at Kition after the abandonment of a part of its Bronze Age settlement. A reexamination of Kition s architecture, stratigraphy, inscriptions, sculpture, and ceramics demonstrates that it was once now not abandoned. This examine emphasizes the situation and scale of pictures and the way they demonstrate the improvement of financial and social keep an eye on at Kition from its institution within the 13th century BCE until eventually the advance of a centralized kind of executive by means of the Phoenicians, subsidized by means of Art and Society in Cyprus from the Bronze Age Into the Iron Age the Assyrian king, in 707 BCE."
