The darkness rises] For years, the us of the USA has been the worldas basically superpower. Its may well and tool were used to deliver peace all through a lot of the world. From Bosnia to Iraq, the colours of red, white and blue have risen to the problem to guard our very freedom. Enemies of the US have now arisen. The enemies of our fathers have returned. The battles of the day past are at our doorstep. a brand new axis is darker and extra robust than ever before. a brand new unbelievable weapon has been unveiled and used. the reality in the back of terrorists teams equivalent to Al Qaeda and rogue countries like China is revealed. The conflict for the next day to come has begun. Are we ready to struggle the conflict for the ideal to live? greater than a book, greater than a storya]
