Beachhead Assault: The Story of the Royal Navy Commandos of World War II

David Marshal Lee

The Royal army commandos had the most harmful and significant missions of worldwide struggle II: they have been the 1st onto the invasion seashores and the final to leave. shaped in 1941 because the Royal Naval seashore Parties, they participated within the Dieppe raid, the place many misplaced their lives. geared up less than officials specified as Beachmasters, they turned full-fledged battling commandos--with Beachhead Assault: The Story of the Royal Navy Commandos of World War II their now mythical Fairbairn Sykes commando knives--and led the best way at the shorelines as a part of the Allied landings in Madagascar, Pantelleria, Sicily, Salerno, Anzio, Arakan, D-day, Elba, Walcheren, and more. even though their paintings at the shores were an important to the Allied success, after the conflict they have been disbanded and forgotten. With this book, their outstanding tale is eventually informed throughout the own money owed Beachhead Assault: The Story of the Royal Navy Commandos of World War II of the commandos themselves. Beachhead attack encompasses a foreword through guy and Boy writer Tony Parsons, whose father was once a Royal Naval Commando who fought at Elba.
