BEHIND THE LINES

WAR RESISTANCE POETRY ON THE AMERICAN HOMEFRONT SINCE 1941

ILLUSTRATION BY JAMES JOHNSON

Behind the Lines: War Resistance Poetry on the American Home Front since 1941

Philip Metres

even if Thersites in Homer's *Behind the Lines: War Resistance Poetry on the American Home Front since 1941*, Wilfred Owen in "Dulce et Decorum Est," or Allen Ginsberg in "Wichita Vortex Sutra," poets have lengthily given solitary voice opposed to the brutality of war. The hasty cancellation of the 2003 White condominium symposium "Poetry and the yankee Voice" within the face of protests by means of Sam Hamill and different invited visitors opposed to the arriving "shock and awe" crusade in Iraq reminded us that poetry and poets nonetheless have the ability to problem the powerful. In the back of the strains investigates American warfare resistance poetry from the second one global battle in the course of the Iraq wars. instead of easily chronicling the genre, Philip Metres argues that this poetry will get to the center of who's licensed to talk about struggle and the way it may be represented. As such, he explores a principally overlooked sector of scholarship: the poet's dating to dissenting political pursuits and the nation. In his stylish study, Metres examines the ways that battle resistance is registered not just when it comes to its content material but additionally on the point of the lyric. He proposes that protest poetry constitutes a subgenre that—by advantage of its preoccupation with politics, history, and trauma—probes the bounds of yank lyric poetry. Thus, conflict resistance poetry—and the function of what Shelley calls unacknowledged legislators—is a crucial, although principally unexamined, physique of writing that stands on the heart of dissident political movements.
