Colby Blanchard is the preferred cheerleader with the grades, the hunky boyfriend, and the homecoming crown within the bag. Then issues pass bad-like turning-into-a-vampire bad. And complicating issues is the truth that her Braced2Bite (Half-Blood Vampires #1) orthodontist father has got rid of her dogs the teeth to provide her an ideal smile, so she cannot even do the vampire factor properly. Luckily, he is becoming her with a few new headgear so she will feed. (So now she's not only a vampire yet a dork.) This lighthearted debut may have Buffy fanatics of every age giggling and shuddering as Colby battles the Vampire Council, resists her charm to a fellow vamp, and hunts down the rogue bloodsucker who obtained her during this mess within the first place-all whereas attempting to snag a date for homecoming.

Reviewed by way of Me for TeensReadToo.com As quickly as i started interpreting BRACED2BITE via new writer Serena Robar, i used to be instantly reminded of one other one in all my favourite vampire series--the "UNDEAD..." sequence through MaryJanice Davidson. either authors have a smart-mouthed heroine, an demanding but overall hottie vampire hero, and a suite of conditions that makes you throw every thing you ever idea was once precise approximately vampires correct out the window. And think me while I say that this comparability isn't really a nasty thing! Ms. Robar has controlled to pen a fun, intriguing vampire tale that might have you ever analyzing lengthy into the night--and the comparability to MJD is not anything yet outright flattery. Sixteen-year previous Colby Blanchard is the common blond-haired, blue-eyed cheerleader. She's additionally very intelligent, Braced2Bite (Half-Blood Vampires #1) has plans to get hunky Aidan Reynolds to invite her to the Homecoming dance, and, whereas she's at it, will finalize plans for her upcoming 17th birthday party. What Colby did not plan on, or Braced2Bite (Half-Blood Vampires #1) input into her BlackBerry, used to be getting knocked out by means of the Eastside Attacker at the method domestic from a soccer game. Where, she may well add, Aidan the slimeball went off with Allison to an after-game party. whilst Colby involves and returns home, she's very stunned to benefit she's been lacking for almost forty-eight hours. much more surprising, though, is ingesting her mother's blood and therapeutic her wound while she cuts herself with a knife. Oddly enough, even supposing frightened, it is not until eventually her Great-Aunt Chloe issues out the puncture wounds on her neck that Colby realizes anything more strange than a evening assault has occurred to her. Colby is now a vampire, with the pale, pasty skin, yellowish eyes, and thirst for blood to end up it. Her family members turns out to take the swap of their daughter particularly in stride--Aunt Chloe even needed to stake a number of vampires years in the past throughout the conflict while she was once a nurse. Her father rushes to assist within the merely manner he is aware how (he's an orthodontist) and makes her a hideous headgear equipment so she will be able to feed, seeing that her canines enamel have been got rid of years ago. So not just is she Braced2Bite (Half-Blood Vampires #1) a freak vampire, she's a mutant freak vampire. so as to Braced2Bite (Half-Blood Vampires #1) add insult to injury, vampires come a-calling, informing Colby that she's been summoned to make an visual appeal to the Tribunal for, and get this, being Undead and not using a license. the truth that Thomas, the cute, invaluable vampire,

desires to support her make her case earlier than the Tribunal is one thing. the truth that he is requested to be her Executioner if the Tribunal rejects her plea for a license is kind of another. BRACED2BITE is a fun, hilarious read. the entire characters are well-rounded, and the fast paced discussion makes the ebook a satisfaction to read. if you happen to like vampire tales with a touch of romance and an entire bunch of humor, this is often certainly the e-book for you. And thankfully, the subsequent e-book within the series, FANGS4FREAKS.
