## Broken Heartland (Mad Dog & Englishman #4)

J.M. Hayes

Sleepy Benteen County, Kansas turns frantic on election day. Sheriff English, larger often called Englishman, faces his hardest reelection problem yet. The novel non secular correct is out to unseat him. Englishman's basically on hand deputy is not profitable him votes, no longer after ramming a college bus wearing an area teenager choir. Englishman's brother, Mad Dog, a born-again Cheyenne, rushes again from a quest to the Black Hills. He had a premonition that the sheriff used to be in danger. The sheriff's daughters, attending separate colleges, wake with related premonitions, then minimize sessions and hurry domestic to maintain their father safe. Then, a scholar Broken Heartland (Mad Dog & Englishman #4) smuggles a gun into the varsity and starts off capturing and taking hostages. and there is the non-public military that has seized a close-by farm and preserving citizens, together with Mad Dog, opposed to their will. And, Englishman must resolve one little factor approximately his deputy's accident: Benteen County does not have a teenager choir.

within the "Afterword & Acknowledgments" of damaged HEARTLAND, J. M. (Mike) Hayes notes that earlier books within the Mad puppy & Englishman sequence have "so frequently been defined as cozies." Rest assured, Mike, the be aware "cozy" isn't used to explain Broken Heartland (Mad Dog & Englishman #4) damaged HEARTLAND. i might count on the intense opposite. The mayhem that starts off early on and keeps with out easing off is so extreme from time to time that different violent novels, resembling THE GODFATHER, light in comparison. And all of this riotous confusion happens in sleepy ole' Kansas, the place (at least in my ten 12 months tenure) not anything a lot ever happens. Benteen county, actually, which does not quite exist--and if it did you'd be good recommended to guide away from its boundaries. What is so much striking approximately damaged HEARTLAND is the elaborate interweaving of such a lot of various characters with such a lot of modern issues. Mike handles all of them with services and dexterity that different writers can in simple terms envy. when you prefer to play SUDOKU, you will love damaged HEARTLAND.
