Casanovas Heimfahrt: Novelle by Arthur Schnitzler

Arthur Schnitzler

Die Figur des Casanova steht in der Literatur um 1900 für ein vitalistisches Lebensgefühl - eine moderne Männerphantasie, freilich keine ungebrochene. Die Gestalt wird vielfach mit innerer Widersprüchlichkeit ausgestattet, Aspekte wie der Männlichkeitswahn und das Altern spielen eine wesentliche Rolle.

Cosa succede al mito quando spuntano le rughe? Giacomo Casanova è nel Pantheon dei più grandi seduttori di ogni epoca. se anche solo l. Casanovas Heimfahrt: Novelle a. metà di quanto scritto nelle memorie fosse vera, al confronto un certo George che vive nel Comasco sarebbe un'educanda. Un nome immortale, che evoca avventure - galanti e non- , fughe rocambolesche, intrighi; difficile Casanovas Heimfahrt: Novelle invece associarlo a rughe, capelli bianchi, denti traballanti. È il 1917 quando Schnitzler inizia l. a. stesura de "Il ritorno di Casanova". Ha fifty three anni e l'impero asburgico che conosce è un gigante dalle gambe di creta, ormai prossimo al tracollo nel fango delle trincee. Il suo Casanovas Heimfahrt: Novelle mondo sta according to finire. Non stupisce allora che il Casanova messo Casanovas Heimfahrt: Novelle in scena da Schnitzler sia vecchio, povero, stanco. Incidentalmente ha anche lui fifty three anni. Il brillante avventuriero ha imboccato los angeles china del declino, sostituito da un livoroso randagio impegnato in una impari disputa filosofica con Voltaire senza che questi ne sia al corrente. Fa ancora colpo sulle donne, ma solo quelle di età non più verde; fatica con le giovani, su cui il suo mito ha ben poca presa. Il problema è che l'ego del grande seduttore non può accontentarsi di placide milf, ma richiede prede ben più ardue come nutrimento. È quindi inevitabile che il Nostro si innamori di Marcolina, mentre attende l. a. revoca dell'esilio presso un amico (di cui è stato sia benefattore che cornificatore). Lei è giovane, colta, bellissima; almeno in apparenza si tratta di una creatura di puro intelletto. Respinto con perdite, il vecchio libertino comincia quindi a muovere le pedine in step with l'ultima malefatta, in cerca del suggello according to los angeles sua uscita dalle scene. Schnitzler racchiude in one hundred fifty pagine un'amara riflessione sulla vecchiaia e i bilanci di vita che questa costringe a stilare. Persino Casanova non è immune dal rimpianto, ma si rammarica in line with il pace perduto e le occasioni non colte. Invecchiare significa perdere l. a. forza, l. a. bellezza e il potere che da queste ne deriva; non sempre si acquista saggezza. Il processo di accettazione del declino è impervio, talora conosce passaggi a vuoto: emblematica l. a. scena del duello, in cui l'energia della giovinezza soccome divorata da un anziano e indifferente leone, a cui poco importa dello scampolo di vita residuo. Casanova desidera solo fare ritorno in patria, consistent with chiudere il cerchio di una lunga e faticosa esistenza. Pur di ottenere il rimpatrio si presterà all'umiliazione suprema, piegandosi a spiare i sediziosi in step with conto del regime veneziano. L'uomo che ha incarnato l'avventura più sfrenata diventa strumento di conservazione. Un ritorno alle radici tanto desiderato quanto vano. l. a. rivoluzione incombe, anticipata dagli scritti dell'odiato Voltaire: il mondo del protagonista, come quello dell'autore, è ormai prossimo al tramonto. Morale della favola: non importa quanto tu sia figo, alla tremendous diventerai vecchio e non ti cagherà più nessuno. Se esistessero le mezze stelle, sarebbe un 4,5. Consigliato.
