Christianity and Cultures: Shaping Christian Thinking in Context

David Emmanuel Singh

This quantity on Christianity and Cultures is a fashion of marking a huge milestone within the really brief tale of the Oxford Centre for project stories (OCMS). The papers the following were solely sourced from Transformation, a quarterly magazine of OCMS, and search to supply a tripartite view of Christianity's engagement with cultures via targeting the question: how is Christian considering forming or reforming via its interplay with the various contexts it encounters? As Christianity has taken and nonetheless takes form in a number of contexts, it obviously ends up in quite a few expressions and emphases. It is easy to achieve an appreciation of those by means of learning assorted strands of theological-missiological thinking, socio-political engagements, and different types of relatives relationships in interplay with the host cultures.
