# Common Women, Uncommon Practices: The Queer Feminism of Greenham

Sasha Roseneil

it is a booklet approximately how individual, social, political and cultural swap is created during the activities of standard women. it really is a couple of targeted neighborhood of girls the place conventions have been overturned and lives transformed, and it truly is a few social stream within which Common Women, Uncommon Practices: The Queer Feminism of Greenham tens of hundreds of thousands of ladies faced the police and armed forces to withstand the momentum in the direction of nuclear war.

This ebook is set The Greenham universal Women's Peace Camp that used to be managed within the 80's to protest the U.S. nuclear silos being housed there. it Common Women, Uncommon Practices: The Queer Feminism of Greenham is not fairly approximately lesbianism because the name up there turns out to indicate yet ladies from all walks of lifestyles in England coming jointly to protest nuclear warfare in a peaceful, joyful, anarchist fashion. the easiest factor approximately this publication in my view is the writer (who was once a participant) honors the variety of expertise by way of letting the ladies communicate for themselves so that you do not depart with one unifying narrative yet an in depth description of ways it used to be various things for various people.
