Das Letzte Einhorn (The Last Unicorn #1)

Peter S. Beagle

Die phantastische Geschichte einer großen Suche: Das letzte Einhorn, ein Geschöpf von ursprünglicher Anmut, verläßt seinen in ewigem Frühling blühenden Fliederwald, begibt sich auf die Landstraße, dringt in die Zeit, um das Schicksal seiner verschwundenen Artgenossen zu erkunden. Auf der abenteuerlichen day trip wird es begleitet von Schmendrick, einem drittklassigen Zauberer, und von Molly Grue, der ehemaligen Lagergefährtin eines verhinderten Edelräubers. Das seltsame Trio muß bald erkennen, daß die Erkundungsfahrt nicht ohne Kampf und äußerste Gefahr beendet werden kann. Es gilt, dem Roten Stier zu begegnen, der unter König Haggards verfluchtem Schlosse haust...

so i set the temper for rereading The final Unicorn by means of placing jointly a nifty mixture Das Letzte Einhorn (The Last Unicorn #1) of woodstock period classics, seriously that includes the likes of jethro tull & canned warmth & richie havens & loads of early red floyd. i wear my comfortable clothes. i brewed a few tea. i picked my sunniest room and my cat - sensing my temper - snuggled in close. however, i didn't smoke any weed. might be this used to be my mistake? nonetheless, the temper was once Das Letzte Einhorn (The Last Unicorn #1) certainly set and the joy rapidly commenced.this is a pleasant little book. it is candy and cheeky and entire of one of those idealistic purity. Das Letzte Einhorn (The Last Unicorn #1) it's very counter-culture in its quiet way. i used to be reminded consistently of items like Harold & Maude and King of Hearts and the Yellow Submarine and Jonathan Livingston Seagull. and of laying out at the grass with my pals in the course of university within the 90s, fortunately on medicinal drugs and conversing approximately life. it made me examine plant life and sunshine and animals that i like. this is often in no way a trippy book, however it is a pleasantly mellow one in tone and outlook. the writing is in a similar fashion hot and fuzzy. characterization is relaxed; dwelling metaphors for freedom & authority & purity & greed & adventure are combined and coupled in a loose, breathable fashion. the total pastime is what one might name a hot and human experience. i will be able to see why this booklet has such a lot Das Letzte Einhorn (The Last Unicorn #1) of admirers and why it has it seems that by no means been out of print. interpreting it's like examining a contemporary delusion - it feels immediately classic, immediately timeless. and optimistically its attractive messages approximately existence and the way to dwell it is going to by no means exit of style.my favourite components got here early after which on the very end. the ultimate standoff among our heroes and the purple Bull used to be rather well performed and certainly gripping. even larger used to be the time spent in Mommy Fortuna's terrible caravan. that used to be awesome! the descriptions of the several ensorcelled beasts, the dreaming spider, Schmendrick's introduction, Mommy Fortuna herself (such a toxic but quite unhappy & pathetic character), Mommy Fortuna as outdated Age, and naturally the terrifying, brilliantly rendered harpy... all rather delectable.it's fascinating to me to contemplate my diverse reactions to the book: now and then. "then" used to be again in junior high, i think. i enjoyed Schmendrick and located Molly Grue to be an annoying, tedious character. regardless of her, i enjoyed the publication from starting to end. the wonderful thing about its final which means (whatever which may were to my 14-year outdated self) had me considering existence and the way to stay it. many, decades later - yesterday! - i discovered Schmendrick to be exceptionally

demanding and Molly Grue to be the key hero of the novel. this grouchy, critical, usually overbearing middle-aged girl can be brave, honest, decent, thoroughly all the way down to earth - and such a strange personality to discover as a lead in a delusion novel. go, Molly, go! unfortunately, i additionally came upon myself to be certainly un-charmed by means of the entire anachronisms and whimsy. all that stuff simply felt dated, goofy, sorta cheap. like that fookin butterfly for chrissakes. so unfunny. and judo. and "last of the red-hot swamis". and masses more. ugh!still, a stunning booklet with a undying message. even supposing i discovered these Das Letzte Einhorn (The Last Unicorn #1) whimsical anachronisms to be obnoxiously useful & cutesypoo, total they did not prove being too dire and my adventure was once no longer remotely ruined. hell, i roll my eyes at my closest associates and that i nonetheless take pleasure in their company. this can purely be a 3-star booklet for me, yet i did love it a lot. it is still sweetly beautiful and really charming. possibly if i used to be stoned now, i'd supply it four stars. yet these days i purely get stoned to fact tv.
