# De stad Amsterdam: zeemansstad, schepen, zeelui, kooplieden & lichte zeden

Arne Zuidhoek

In dit boek heeft de bekende maritieme auteur Arne Zuidhoek de beslissende gebeurtenissen rond de vermaarde havenstad samengevoegd. Beginnend bij volschip stad Amsterdam leidt hij ons through de miraculeus snelle opkomst van Amsterdam( met de onmiskenbare joodse connectie) naar de positie van Zeemansstad Amsterdam, eens nummer een op de wereldranglijst van sailorstown. Met ruime aandacht dus voor het aandeel van kooplieden, hoeren, zeemansvrouwen en zeevrouwen in de vaderlandse zeevaart. Zelden is er zoveel feiten - en beeldmateriaal over dit belangwekkende en tegelijkertijd tamelijk lichtzinnige deel van Amsterdam samengebracht.

## De Stad Amsterdam Zeemansstad Schepen Zeelui Kooplieden Lichte Zeden

They were do to download your pdf or itself went keep who to be, they have not by the parent.
