## Dr. Rabbit by Eric B. Hare

Eric B. Hare

Dr. Rabbit Dr. Rabbit is a narrative of the author's clinical missionary paintings for the Karens of Burma. Dubbed "Dr. Rabbit" as a result of his name, he got here to be enjoyed through the typical humans during this land of tigers and elephants, river boats and ox carts.

i've got continually enjoyed examining missionary stories, particularly ones via Eric B. Hare, aka "Doctor Rabbit." yet this one is principally endearing. It tells approximately how he initially got here to develop into a physician within the jungles of Burma for the Karen people, how he felt whereas Dr. Rabbit he labored there, and his victories and losses. His repetitive use of the phrase, "Don't you know? have not you heard? Hasn't an individual ever instructed you?" (though used extra in his booklet Treasure From The Haunted Pagoda) exhibits his humor in superstitious situations, and his light-heartedness has us switching from tears to tears of laughter each ten minutes. Over all, this is often my favourite Eric B. Hare e-book as of yet.
