Mario Vargas Llosa

El tema de la ficción y la vida es una constante que, desde tiempos remotos, aparece en la literatura. Pero acaso en ningún otro autor moderno aparezca con tanta fuerza y originalidad como en las novelas y los cuentos de Juan Carlos Onetti, una obra que, sin exagerar demasiado, podríamos decir está casi íntegramente concebida para mostrar los modos sutil y frondosa como los seres humanos hemos venido construyendo una vida paralela, de palabras e imágenes tan mentirosas como persuasivas, donde ir a refugiarnos para escapar de los desastres y limitaciones que a nuestra libertad y a nuestros sueños oponen los modos de la vida tal como es. Básicamente lo que yo hago en este ensayo es investigar los modos en los que Onetti utilizó la ficción como un mundo alternativo. La respuesta a los modos de la vida cotidiana es la imaginación: huir hacia un mundo de fantasía. Es decir, aquella operación de donde nació la literatura, por la que existe la literatura y por eso el título del libro. MARIO VARGAS LLOSA ENGLISH DESCRIPTION The topic of fiction and lifestyles is a continuing that, for the reason that far-off times, has been EL VIAJE A LA FICCION expressed via literature. but within the paintings of no different sleek writer does it have the strength and inventiveness because it does within the brief tales of Juan Carlos Onetti. it isn't an exaggeration to EL VIAJE A LA FICCION assert that Onetti's paintings is nearly fully conceived to teach EL VIAJE A LA FICCION the delicate and wealthy manner within which people have outfitted a parallel life made of phrases and photographs as unreal as they're persuasive EL VIAJE A LA FICCION to take shelter in once we are looking to break out the tragedies and boundaries that actual existence imposes upon our freedom and dreams. during this essay, Vargas Llosa examines how Onetti used fiction to create another truth a fact during which the reply to our day-by-day defeats is fleeing to a myth world.
