Embodying Culture: Pregnancy in Japan and Israel

Tsipy Ivry

Embodying tradition is an ethnographically grounded exploration of being pregnant in various cultures—Japan and Israel—both of which medicalize pregnancy. Tsipy Ivry specializes in "low-risk" or "normal" pregnancies, utilizing cultural comparability to discover the complicated relatives between ethnic principles approximately procreation, neighborhood reproductive politics, scientific types of being pregnant care, and native modes of maternal agency. The ethnography items jointly the voices of pregnant eastern and Israeli women, their doctors, their partners, the literature they read, and depicts quite a few medical encounters equivalent to ultrasound scans, explanatory periods for amniocentesis, birthing classes, and distinctive being pregnant events. The emergent photos recommend that although reviews of being pregnant in Japan and Israel differ, being pregnant in either cultures is an energy-consuming undertaking of meaning-making— suggesting that Embodying Culture: Pregnancy in Japan and Israel the feel of biomedical applied sciences should not basically within the applied sciences themselves yet are assigned through those that perform and adventure them.
