# English Renaissance Scenes: From Canon to Margins

Paola Pugliatti

This booklet throws new light on the complexity and diversity of practices that may be outlined as 'theatrical' in a huge field in sixteenth- and seventeenth-century English drama. The quantity offered first with the mainstream of dramatic production, ranging from the anti-theatrical debate which characterised the complete interval and elevated in depth because it went on. Right here Shakespeare and Ben Jonson come on stage with their rejoinders to this issue. On the comparable time, whereas the colleges have been delivering a type of theatre workshop uploading Latin and Italian models, renowned performances have been being staged in non-theatrical spaces. Tournaments, and their aristocratic codes, are explored in addition to extra well known and 'marginal' spectacles -- comparable to these of conny-catching improvisers, English Renaissance Scenes: From Canon to Margins jugglers, gypsy dancers and fortune-tellers, English Renaissance Scenes: From Canon to Margins clowns and prophetesses.
