# Fearless by Rafael Yglesias

Rafael Yglesias

Tie into the Warner Bros. Max and Carla are New Yorkers who've not anything in universal until eventually they either live on a airplane crash. Now they need to face their families, friends, guilt and every different during this deftly-crafted saga.

i purchased this booklet simply because Amazon had it on their checklist one day, and since it's set in NYC which right away is one in every of my passions. However, i didn't anticipate to love this ebook up to I did. it is a tale of trauma and restoration that facilities round those that have survived a aircraft crash that killed dozens. i used to be afraid it'd be too graphic, yet Yglesias did an excellent task of giving simply enough information to appreciate the carnage, yet no longer lots that I felt Fearless sick analyzing it. And, his characters are so REAL! I completely understood them and felt attached to them. this can be a tale of wish and forgiveness, and the way true, unselfish compassion might help heal whilst love isn't enough.
