

## **Fire And Ice (J.P. Beaumont #19) by J.A. Jance**

J.A. Jance

no longer Fire And Ice (J.P. Beaumont #19) because companion in Crime have big apple occasions bestselling writer J. A. Jance's cherished Fire And Ice (J.P. Beaumont #19) sequence

---

characters shared a stage. yet now, in a couple of situations that pass country lines, Beaumont and Brady are back! Seattle investigator J. P. Beaumont is operating a chain of murders within which six younger women were wrapped in tarps, doused with gasoline, and set on fire. Their charred continues to be were making a grisly trend of demise throughout western Washington. on the related time, within the Arizona desert, Cochise County sheriff Joanna Brady is asking right into a murder during which the aged caretaker of an ATV park was once run over and left to die. was once he a sufferer of a few type of turf warfare--or potentially whatever extra sinister? Then a leap forward in Beaumont's case leads him into Brady's jurisdiction. while the 2 met on a joint research years earlier, sparks flew. yet here, because the threads in their situations wind together, Beaumont and Brady needs to set aside echoes in their shared previous as they're once more drawn into Fire And Ice (J.P. Beaumont #19) an orbit of deception. other than this time it is not simply their very own lives which are at risk yet these of the folk closest to them as well.

during this ebook the police officers in J.A Jance's secret sequence - Arizona Sheriff Joanna Brady and Seattle murder investigator J.P Beaumont (Beau) - interact (via phone) to unravel a few baffling crimes. because the tale opens six lifeless ladies were present in the Seattle area. every one physique is wrapped in a tarp and burned up, Fire And Ice (J.P. Beaumont #19) all yet one has no tooth and no identification. Dental documents establish the final physique as Marina Aquirre, a girl who was once pronounced lacking by means of her fiance numerous months before. despite the fact that Marina used to be utilizing a fake identify and is de facto Marcella Fire And Ice (J.P. Beaumont #19) Andramade, a lady who has connections to Arizona. So Beau calls Joanna to invite for assistance. this can be a bit Fire And Ice (J.P. Beaumont #19) awkward simply because whilst Beau and Joanna met on a prior case sparks flew occasion notwithstanding this was once inappropriate. even if either Joanna and Beau fast moved prior this and every is now fortunately married - so no actual challenge there. as well as supporting with the Seattle murder research Joanna and her deputies even have neighborhood cases: the brutal homicide of an worker at an ATV park and a criminally neglectful nursing domestic for Alzheimer's patients. whereas operating those situations Joanna is additionally "best man" at her former deputy's marriage ceremony which comprises partying, dressing well, and attending the nuptials. those actions - besides Joanna's domestic lifestyles together with her husband, teenage daughter, and new boy or girl - is helping around out her character. Beau, who inherited wealth, is contentedly operating together with his new spouse (who can be his detective partner), riding pricey cars, and residing well. So no longer a lot angst concerning both Beau or Joanna during this story. The ATV park homicide in Arizona and the Seattle homicides type of braid jointly or even come to contain the relatives of Joanna's deputy, Jaime Carbajal. Eventually, there is a quite dramatic solution to a few of the murder instances and steps are taken to accommodate the vendors of the nursing home. the matter is that the reasons/outcomes for a number of the illegal activity is murky (to me, at least) and that i was once unhappy on the finish of the book. even though it is friendly to go to Fire And Ice (J.P. Beaumont #19) with familiar, common characters like Joanna and Beau this can be a secret novel and on that ranking it falls short. simply an ok book.

## **Fire And Ice J P Beaumont 19**
