In what unusual edifice of the mind's eye do you discover a condemned cell, a lodge room and a sanatorium room? what sort of resort bargains a zinc mine, a meat-packing plant, a guns manufacturing facility and a cemetery of recognized artists between its attractions? Why do 4 humans dedicate suicide within the similar rest room and why does a literature professor chop up Four Stories Till the End a number of of the best works of literature right into a confetti of letters? during this wildly imaginative, wildly humorous satire on paintings and demise not anything is sort of what it kind of feels and the maze of symbols grows extra complicated with every one encounter.
