Frederick L. Hoffman by F.J. Sypher

F.J. Sypher

"This booklet is the dramatic, inspiring tale of a outstanding man, born in Germany, who accomplished greatness and reputation within the United States, yet who, like many different special persons, undeservedly pale from history. Torn from a contented childhood, and desirous Frederick L. Hoffman to go away Germany, he ultimately arrived here, conversing no English, with \$4.76 in his pocket. He stumbled on love and success. prior to he died, he authored 28 books and approximately 1200 released articles. This publication tells of his struggles and the way he reached his goals, and used to be a pioneer in calling awareness to new public health and wellbeing issues: · calling realization to the deadliness of asbestos (1918) · linking melanoma and smoking (1915) · proving that silicosis was once Frederick L. Hoffman a true affliction that was once killing millions of yank employees (1922) · offering preventive tools for malaria regulate (1917) · predicting from his millions of air miles within the Frederick L. Hoffman Nineteen Twenties that airplanes may change trains for long-distance passenger travel, and likewise the chance that airplanes might turn into significant warfare machines · founding the yank melanoma Society (1913) · supporting chanced on the yank Lung organization (1904)"

Frederick L Hoffman
