offers convincing proof that angels, demons, and fallen angels have been flesh-and-blood participants of a big race predating humanity, spoken of within the Bible because the Nephilim.

- shows that the earthly paradise of Eden used to be a realm within the mountains of Kurdistan.
- by means of the writer of Gateway to Atlantis. Our mythology describes how beings of significant attractiveness and intelligence, who served as messengers of gods, fell from grace via pride. those angels, sometimes called Watchers, are spoken of within the Bible and different spiritual texts as lusting after human women, who lay with them and gave beginning to large offspring referred to as the Nephilim. those non secular resources additionally list how those beings published forbidden arts and sciences to humanity--transgressions that resulted in their destruction within the nice Flood. Andrew Collins finds that those angels, demons, and fallen angels have been flesh-and-blood participants of a race predating our own. He bargains proof that they lived in Egypt (prior to the traditional Egyptians), the place they outfitted the Sphinx and different megalithic monuments, prior to leaving the zone for what's now jap Turkey following the cataclysms that observed the From the Ashes of Angels: The Forbidden Legacy of a Fallen Race final Ice Age. the following they lived in isolation sooner than steadily constructing touch with the constructing human societies of the Mesopotamian plains below. Humanity looked those angels--described as tall, white-haired beings with viperlike faces and burning eyes--as gods and their realm the paradise in which grew the tree of knowledge. Andrew Collins demonstrates how the legends in the back of the autumn of the Watchers echo the pale reminiscence of exact historic occasions and that the legacy they've got left humanity is one we will find the money for to disregard purely at our personal peril.

The publication I learn to investigate this publish used to be From The Ashes Of Angels through Andrew Collins that's an excellent publication which i purchased from Amazon. This ebook is the end result of years of From the Ashes of Angels: The Forbidden Legacy of a Fallen Race study into biblical background and specifically even if there has been a race of individuals considered as angels that walked between men. This time scale could have approximately coincided with the cataclysm that ended the final ice age approximately 9,600 years ago. This race had From the Ashes of Angels: The Forbidden Legacy of a Fallen Race wings, white epidermis and have been very tall. They mated with human ladies and this can have long past far into dissolving the bloodline. Atlantis could have coincidentally existed at this time. additionally modern-day Kurdistan that's a part of Iraq can have been the place the backyard Of Eden and even though these days is maybe really barren, at one time the elements cycles From the Ashes of Angels: The Forbidden Legacy of a Fallen Race have been different. Even the Sahara zone was the location of From the Ashes of Angels: The Forbidden Legacy of a Fallen Race lush vegetation. Andrew has a tendency to write down books like this approximately what may possibly or won't have occurred with reference to old and biblical history. His books are fascinating and that i did get pleasure from this book.
