# Geek Chic: The Zoey Zone by Margie Palatini

Margie Palatini

Meet ZoeyAge: Eleven. Well, nearly eleven. Backspace. midway to eleven.Factoid: 198 days to 6th grade. Problem: Coolability (see thesaurus inside). attach the dots: a foul hair scenario . . . turning out to be earlobes . . .Wanted:1. A fairy Geek Chic: The Zoey Zone godmother.2. A molto stylish makeover [molto = very in Italian].3. A seat on the primo lunch table. [Primo can be Italian. It ability best.]The solution:Tune in!

Zoey Zinevich is almost-but-not-quite 11 years old. it is under 2 hundred days until eventually 6th grade, this means that it really is below 2 hundred days to get molto chic. If she is not by the point 6th grade starts, she is going to by no means be cool! that is what Venus's (read: Zoey's magnifico most sensible friend) sister says.It feels like not anything Zoey and Venus do can get the opposite kids--especially the Bashleys--to admit they're cool. what is now not cool approximately catching bullfrogs, or bowling shirts with fedoras, or owl pellets? Geek Chic: The Zoey Zone Zoey's in basic terms desire lies in Geek Chic: The Zoey Zone getting a fairy godmother. It labored for Cinderella! So what if different ten-almost-eleven-year-old-double-digit little ones do not believe in that sort of stuff anymore?!This is a truly artistic middle-grade Geek Chic: The Zoey Zone novel that offers with the preteen's so much urgent concern: coolness. writer Margie Palatini enters into Zoey's tale with nice intentions and a feeling of offbeat style. Unfortunately, there is a little an excessive Geek Chic: The Zoey Zone amount of style. Literally. there are such a lot of font types and embedded sketches that the pages--just as literally--made my Geek Chic: The Zoey Zone head damage worse than it already was. The pages Geek Chic: The Zoey Zone are so busy that the reader's eye jumps helter skelter everywhere in the place. It distracts from the story.The tale is filled Geek Chic: The Zoey Zone with heart. It speaks to the elemental desire for many American preteen ladies to slot in with the preferred crowd. Zoey is a unfastened spirit who cannot be leashed, and this may turn into relatively apparent, in particular towards the end.The finish of the tale is person who mom and dad will appreciate, whether it is a contact unrealistic. although the pages are visually busy, i like to recommend this for all preteen girls.\*\*\*\*\*The reviewer could have bought a loose replica of this novel from the publisher, author, or different consultant during this book's interest. This has no impression at the caliber or attention of the review. Wantz Upon a Time has no longer and should by no means settle for cash in alternate for reviews.
