OXFORD

Generic Enrichment in Vergil and Horace

Stephen J. Harrison

S. J. Harrison units out to caricature one solution to a key query in Latin literary history: why did the interval Generic Enrichment in Vergil and Horace c.39-19 BC in Rome produce this type of wealthy variety of advanced Generic Enrichment in Vergil and Horace poetical texts, specifically within the paintings of the well-known poets Vergil and Horace? Harrison argues that one vital element of this literary flourishing was once the way diverse poetic genres or varieties (pastoral, epic, Generic Enrichment in Vergil and Horace tragedy, etc.) interacted with one another and that that interplay itself was once a well known literary subject. He explores this factor heavily via certain research of passages of the 2 poets' works among those dates. Harrison opens with an overview of commonplace concept historic and smooth as a foundation for his argument, suggesting how various poetic genres and their partial presence in one another might be detected within the Latin poetry of the 1st century BC.
