i admire this author. He has an enticing heritage and was once a guy of conviction. i haven't learn this God Spake by Moses: An Exposition of the Pentateuch e-book yet, yet haven't doubt that its thesis could be good supported with authoritative sources. His style, which I quite a bit enjoy, is immediately forward, balanced, and respectful. He doesn't waiver on his points, yet has the decency of declaring that no matter if the logical end of his opponent is incorrect, he doesn't unavoidably ascribe one of these view to his opponent. This quote by means of Allis illustrates the point: "In justice to Dr. Scofield it's going to be acknowledged right here that he not just acknowledges yet stresses the truth that the outdated testimony ritual of sacrifice it seems that units forth in variety Christ in his atoning paintings as Saviour. however the type of assertion right here has to be admitted to be either unlucky and dangerous." O.T. Allis, "Modern Dispensationalism and the Doctrine of the cohesion of Scripture," The Evangelical Quarterly 8.1 (Jan. 1936): 22-35.
