Halloween SHAPES

Halloween Shapes by Sonja Lamut

Sonja Lamut

at the most sensible of every web page is the identify of a shape. for those who flip the dial and are available to an image of that shape-presto!-another photograph appears, too. So, at the circle page, for those who dial up a circle, a whole moon looks above the pumpkin patch choked with round pumpkins. it is a visually enjoyable approach for children to inform while they're correct.

My daughter loves this book. She enjoys turning the wheels to determine the shapes change. and she or he loves Halloween so it is a win-win book.

Halloween Shapes
