Hamas in Politics: Democracy, Religion, Violence

Jeroen Gunning

A key participant within the politics of the center East, Hamas is popular for its contradictory positions. The crowd makes use of terror strategies opposed to Israel's civilians and military, but runs on a legislations and order price tag in Palestinian elections; it pursues an Islamic state, but holds inner elections; it campaigns for shari'ah law, but its leaders are predominantly secular professionals; and it demands the destruction of Israel, but has reluctantly agreed to honor formerly tested peace agreements. In *Hamas in Politics*, Jeroen Gunning launches a probing examine of the movement's luck within the political arena, exhibiting that religion, violence, and democracy aren't unavoidably incompatible. A lot of Hamas's obvious contradictions movement from the connection among the organization's ideology, neighborhood constituency, and the character of politics in Israel and Palestine. Gunning conducts interviews with participants of Hamas in addition to the group's critics and attracts on a decade of shut statement of the organization. He illuminates Hamas's figuring out of its ideology and explores the strain among its twin dedication to God and the people. Interpreting the group's political perform and what it says in regards to the group's angle in the direction of democracy, religion, and violence, Gunning presents a special window into Hamas's inner structure, revealing its technique of deciding on leaders and selecting policy.
