within the days of Sinbad, the good-looking younger service provider Hasan quests forth from Bassorah, looking nice wealth. yet Lo! The hand of Allah units the adolescence upon a unprecedented journey--into the guts of lethal adventure, unearthly peril...and magic.Enslaved via the alchemist Bahram, certain right into a camel's corpse and left at the Mountain of Clouds to be gobbled through a roc--such is the start of Hasan's destiny. For he has entered a global of effective jinns and hideous ifrits, amazon empires and bejeweled jungle palaces, enigmatic wizards and cloistered virgin princesses. And to grasp his life's desire, Hasan needs to two times catch the affection of the bird-maiden Sana--the world's most lovely woman, baby of the vengeful king of jinns at the dreaded Isles of Wak!Harken ye now to a story of unique mystery, sensuous beauty, and weird sorcery-

i used to be now not all that inspired via this book. It was once primarily a retelling of a few of the Arabian Nights tales, with a number of twists. Hasen is the most character, and the tale begins with him getting taken in by means of an evil magician. This magician captures him, and takes him distant on a boat. he's crushed and threatened, Hasan and even though he's saved, his naivety will get him captures again.Once again, he's taken advantage, and is left to die. Escaping, he involves a palace the place seven appealing sisters undertake him as their Hasan brother. in the course of his stay, he captures a gorgeous woman, who occurs Hasan to alter into chicken form. by means of eliminating her cloak, he's capable of trap her, finally making her his wife.Later within the story, she leaves him to return to her fatherland Wak, taking there sons. the remainder of the tale follows Hasen on his seek to get well his family.The tale used to be okay; i didn't locate all of it that special. a part of the reason being that I simply didn't just like the major character, Hasen. He looked as if it would me to be a whinny, self-absorbed child, notwithstanding he's an adult, who didn't quite develop up through the book. It used to be tough to take pleasure in a ebook the place the most personality is extra demanding than his evil adversaries.
