"That night, at our buddy Catalina's apartment, my hostess switches at the tv and one of many information goods is the burning of books within the middle of Santiago. 40 years after Hitler got here to power, 40 years after his Nazi fans lit fires to eat the degenerate texts that corrupted the German youth, Chilean infantrymen are relighting these flames and torching books everywhere again. And without warning the digital camera zooms in--and there it is, my very own book, hated by way of each correct wing individual in Chile, para leer al pato Donald. tips on how to learn Donald Duck.
