## Heart of Thunder (Southern #2) by Johanna Lindsey

Johanna Lindsey

No guy had ever dared to strength his attentions on stunning, fiery Samantha Kingsley -- until eventually Hank Chavez, the rough-hewn, bankrupt outlaw, aroused the lively Heart of Thunder (Southern #2) hellion's wrath...and her passion. Samantha vowed to slaughter the impulsive rogue...if her father did not do it first. For there is just one factor Chavez desires greater than the Kingley's sprawling Mexican homestead: to ignite in Samantha's breast...and to take the tempestuous good looks in bold, rapturous conquest.

I've learn Johanna Lindsay's complete backlist- the good, the bad, and the ugly. i've got her whole backlist in 1st printing even. whilst I heard there has been a sale on a few of her electronic editions. I grabbed a few. middle of Thunder used to be one in every of them. i made a decision a Heart of Thunder (Southern #2) piece in the past to paintings my approach via a few of my outdated favourite author's backlist simply because I by no means acquired studies up for them. beginning HoT, i noticed I didn't keep in mind a specific thing approximately it. Now accomplished with my re-read, I observe why. i believe subconsciously i need to have desired to omit it. overlook that an writer who wrote a few of my such a lot cherished romances, may perhaps "go there" on such a lot of levels. The heroine, Samantha Kingsley Blackstone is a wealthy woman making her long ago domestic to the hacienda she used to be born to in Mexico. alongside the way in which she runs into Hank Chavez who immediately falls for her. simply she's in love together with her bff's brother. To undesirable for her simply because bff's brother is, as Hank placed it, an "hombres puta", (no lie- man. whore. Literally). Samantha has no gaydar so she attempts to Heart of Thunder (Southern #2) take advantage of Hank to make him jealous. This motives deep resentment in Hank while he discovers it... simply because he used to be set to marry her. Heart of Thunder (Southern #2) input compelled seduction scene #1. in simple terms it wasn't so much. simply because although Hank begins angry, and ok headed into territory few prefer to see of their romance novels anymore- except its your specific kink- he softens and she or he willingly joins in on her compelled seduction. besides the fact that she alters her brain afterward. She shoots him as he rides off and maintains to consult it as rape during the book. She confronts her bff and brother, then heads out for home. by means of this time I'm heavily no longer liking Heart of Thunder (Southern #2) this spoiled, selfish, bitch. She's so pissed that Hank Chavez led her down the trail of destruction, she sends out sought after posters up and down the territory. (Which is a thread left dangling for the record.) yet For a few reason, instead of rage at what occurred to her, it simply makes her out to be a brat throwing a mood tantrum. Samantha ultimately makes it domestic to Mexico in basic terms to determine a few bandido has been harassing her Dad and stealing from their land. She rapidly reveals herself abducted and held for ransom simply to discover out, shock shock Hank Chavez is the bandido- or even extra bizarrely it has not anything to do along with her and every little thing to do with the land.Hank? Well, him i may virtually stand. He's good-looking and never as nasty as Samantha claims him to be- the "mystery" as to why he's harassing her father is lovely obvious. yet his dealings with her, or even the very fact he nonetheless wishes her although SHE HATES him (but i would like him!) makes him TSTL. Anyway, me thinks the girl protests too much. Plus Samantha is often reassuring the reader she's brutally sincere with

herself (read, "I wish HIS BOD") yet she definitely is with out one else within the story. The plot is contrived from her persisted "You disgust me- yet I waaaant you" to the explanation he marries her. ::rolleyes:: (C'mon you sought after all of it along, what got Heart of Thunder (Southern #2) here with the wedding was once in Heart of Thunder (Southern #2) basic terms the icing at the cake.) The final area of the ebook grew to become out to be a bit extra fascinating because it strikes to England and introduces a brother i don't think was once ever spoken of sooner than within the novel and another aspect plot of his fiancé seeking to damage Samantha. (Scratching my head as to why this used to be additional as it is a plot line in and of itself.) sigh. lousy heroine. draw back important relationship. demanding dialogue. Disjointed plot. Wtf, JL. W.T.Fmeh.
