# Hegel's Art History and the Critique of Modernity

Beat Wyss

during Hegel's Art History and the Critique of Modernity this study, Beat Wyss offers a serious research of Hegel's theories of artwork history. Analogous to his Hegel's Art History and the Critique of Modernity philosophy of history, Hegel's Art History and the Critique of Modernity Hegel seen the heritage of paintings in dialectical terms: With its origins within the old close to East, Western artwork culminated in Classical Greece, yet begun its decline already within the Hellenistic period. Yet, as Wyss posits, artwork refuses its programmed demise. He highlights the political size of this contradiction, exhibiting the results of theories that subordinate paintings to the need of absolute rule.
