Households and Hegemony: Early Creek Prestige Goods, Symbolic Capital, and Social Power

Cameron B. Wesson

The long term Households and Hegemony: Early Creek Prestige Goods, Symbolic Capital, and Social Power importance of the loved ones as a social and monetary force—particularly with regards to authority positions or institutions—has remained fairly unexplored in North American archaeology. families and Hegemony makes an important contribution to our knowing of the function families performed in long term cultural swap after touch with ecu investors and settlers. Drawing jointly info from ethnohistoric files and information from one of many greatest excavations in Alabama's historical past (the Fusihatchee Project), Cameron B. Wesson reexamines alterations in early Creek tradition from ahead of and after touch with Europeans, starting within the 16th century. Casting the loved ones as a multifaceted cultural institution, he contends that vital social, economic, and political changes happened in this time—changes that redefined the connection among Creek families and authority. As avenues for alternate with outsiders broadened and diversified, status exchange items frequently linked Households and Hegemony: Early Creek Prestige Goods, Symbolic Capital, and Social Power to Creek elites turned more and more to be had to person households, in order that touch with Europeans contributed to empowerment for Creek families and a weakening of conventional mainly authority. Wesson demonstrates that fluctuate inside of Creek tradition within the old interval was once formed through small-scale social devices and person judgements instead of via the consequences of bigger Households and Hegemony: Early Creek Prestige Goods, Symbolic Capital, and Social Power social and political events. families and Hegemony enriches our knowing of Creek historical past and makes a key contribution to comparative archaeological types of cultural change.
