Il vangelo dei vampiri by James Vanore

James Vanore

"Beware the Leaven" is a vampire novel like no other. The definitive vampire tale. History's first vampire is identified, and their endless bloodlust is ultimately explained. In choosing history's first vampire, and the cause of the creature's birth, the unconventional breaks floor formerly untread in the genre. The vampire's bloodlust is meticulously explained. Not only any blood will do, and there are caveats, even for the undead as they stalk humanity. But when the correct bloodline is eventually found, humanity may face a brief and unthinkable end. Simply the custodians stand among the vampire inhabitants and their prey, and the custodians' line predates even that of the vampire. "Beware the Leaven" will reason the reader to contemplate vampirism as by no means before.

bello ma...Il cadavere di un uomo, trovato morto, apparentemente illeso se non in line with due piccoli fori sul collo. E qui già si comprende los angeles tematica vampiresca se non los angeles si Il vangelo dei vampiri period già capita dal titolo. In ogni caso l. a. salma finisce come logica compete in obitorio sotto le "cure" (si fa in line with dire) del dottor Nathan Forester che, beh, si trova parecchio confuso dalla situazione.continua...
