Irosi Irlandesi (Horrible Histories Special)

Terry Deary

I. a. storia con tutte le sue schifezze! Irosi Irlandesi narra secoli di agghiaccianti avvenimenti, con crudeli capitani celti, santi sofferenti e un violento ventesimo secolo. Volete sapere:• perché furono catturate delle statue di cera?• quali guerriere andavano in battaglia nudi?• come diventare invisibili? Visiterete I. a. stanza degli orrori (se ne avrete il coraggio), assisterete ad una partita di hurling, l'hockey irlandese e imparerete le venti più famose maledizioni irlandesi. Scoprirete I. a. vergognosa verità sulle crudeli carestie, gli atroci assedi e le ripetute ribellioni che l'incredibile popolo irlandese ha dovuto affrontare. La storia non è mai stata così brutta!

This booklet is racist. instead of explaining anything, it makes use of as many occasions in Ireland's heritage to painting them as 'typical inebriated potatoe consuming paddies.' I recognize it truly is for children and intended to be humorous yet educating young children quaint stereotypes for an inexpensive laugh, isn't really funny. it is lazy and embarrassing. If a person wrote approximately slavery or the holocaust the best way Cromwell or the famine are handled in this... there'd most likely be photographs on fb with ironic captions for us all to proportion and convey our anger. If you need to get your children into history, this e-book is not the strategy to do it. it is the 'daily mail' of history.
