Film Biography

Jean Vigo by Paulo Emílio Sales Gomes

Paulo Emílio Sales Gomes

First released in 1957, yet with a brand new afterword through the movie historian, Paul Ryan, this biography strains the intense conditions of the existence and occupation of the French filmmaker, Jean Vigo. Born out of wedlock in a Paris garret choked Jean Vigo with cats, and haunted all his existence via the injustice performed to his father (a militant anarchist who was once murdered in a French criminal in 1917), Vigo spent so much of his operating lifestyles scuffling with opposed to professionals cautious of his political background, opposed to censors suspicious of the subversive nature of his films, and opposed to a tubercular from which he died in 1934 on the age of 29.

Paulo Emílio Salles Gomes é um autor que me interessa, por peripécias profissionais desde o ano passado. E ao ganhar de presente seu livro sobre Jean Vigo, vi brand que tinha em mãos uma probability de verificar o quão de historiador possuía Vigo. Historiador que, para sê-lo, precisa estar em paz com seu objeto, como diz o prefácio do livro. E, de fato, Paulo Emílio está em paz com Vigo. É um livro de pesquisa notável, erudita, bem escrito, bem montado. Na primeira parte, o autor trata de Almereyda, pai de Vigo, um anarquista que, ao morrer, deixara um filho de doze anos cheio de imagens sobre o pai. Na segunda parte, Paulo Emílio escreve sobre a difícil infância e adolescência de Vigo, e o início de suas atividades no cinema. É neste momento em que são analisados os dois primeiros filmes de Vigo, dois ótimos curtas: Jean Vigo “A propósito de Nice” e “Taris ou a Natação”. Aliás, se é boa a análise de Paulo Emílio sobre o filme de Nice, creio que ele poderia ter se detido um pouco mais na ousadia formal de um filme de tema tão rasteiro quando o sobre Taris. Na terceira parte, Paulo Emílio analisa “Zero em comportamento”, e, na quarta, “Atalante”. Nos dois capítulos, Paulo Emílio united states o mesmo método: fala do processo que levou à realização do filme (em ambos os casos muito turbulento e custoso), faz uma análise imanente de cada um, contando-lhe o enredo e depois destacando personagens e procedimentos estéticos, e, por fim, fala da repercussão crítica imediata. Na última parte, o autor fala da morte de Vigo, e, em um apêndice, uma análise da fortuna crítica da curta obra de Vigo. A arquitetura, repito, é bem montada, sobretudo, a arquitetura interna dos capítulos dedicados aos dois principais trabalhos de Vigo. A pesquisa é soberba, mas senti falta de um estudo temático das obras, ou melhor, das idéias que estavam ali presentes. É um trabalho monográfico, e senti, portanto, falta de uma inserção de Vigo no contexto do cinema mundial, sobretudo, no que diz respeito aos aspectos formais. Mas é um bom livro. Na verdade, creio que, em alguns momentos, é sempre uma obra a ser revisitada, pois sua estrutura é extremamente lógica e clara.
