Kalt erwischt (Stephanie Plum #12) by Janet Evanovich

Janet Evanovich

Stephanie Plum ist vom Leben überfordert. Nicht nur, dass sie wieder einmal erfolglos hinter ein paar Gaunern her ist: Sie Kalt erwischt (Stephanie Plum #12) wird außerdem von einer jungen Frau verfolgt, die behauptet, mit Carlos Manoso, besser bekannt als »Ranger«, verheiratet zu sein. Stephanie versucht herauszufinden, used to be es mit der Frau auf sich hat – und warum es plötzlich zwei Ranger gibt. Nebenbei muss sie allerdings noch Grandma Mazur von einer Karriere als Rockstar im Madonna-Outfit abhalten, zwei schwulen Bestattungsunternehmern unter die Arme greifen und einem depressiven Schuhverkäufer zu Selbstbewusstsein verhelfen ...

Yes, they're formulaic. Yes, they're light. Yes, they don't problem you. Well, so what. They're loads of fun. I've learn the entire Stephanie Plum series, and that Kalt erwischt (Stephanie Plum #12) i benefit from the formula, the humor, and the zany kinfolk (Grandma Mazur's ardour for funeral viewings Kalt erwischt (Stephanie Plum #12) is hysterically the other of the revulsion so much people have for such events.) I sooo empathize with Stephanie's father who's simply attempting to carry it jointly within the presence of Grandma Mazur, who, having shot the Thanksgiving turkey with a .45 in a prior book, has now joined Lula's band as a singer traveling retirement homes. They choose to perform at Stephanie's in the course of dinner and all Dad desires to do is watch the Yankees, Kalt erwischt (Stephanie Plum #12) however the noise, the costumes (Grandma is donning a studded colour and an ice cream cone bra, you get the picture) are using him to a country Morelli can merely describe as just like sufferers of a a number of motor vehicle accident. Very humorous scene. the one factor caring me is that i think Grandma Mazur isn't a lot older than I. that really sucks. In this volume, a Ranger wanna-be is stalking him and kidnaps his daughter, attempting to develop into a pseudo-Ranger. He's killing those that get within the way; yet who cares concerning the plot. We learn those for quirky and extremely humorous characters. a last note. numerous of the one-star reviewers on Amazon complained that Stephanie used to be immoral and desires to prevent drowsing with either Ranger and Morelli. That's attention-grabbing simply because I had the experience (and my spouse agrees) that that's not in any respect the case and that she has remained trustworthy to Morelli. Yes, during this one she "sleeps" with Ranger, yet in simple terms actually and Platonically. with the intention to those that imagine Stephanie is immoral, recover from it and return on your Harlequins.
