Keeper of the Keys (Charlie Chan #6)

Earl Derr Biggers

within the sixth and ultimate publication within the secret sequence that includes the Chinese-American detective Charlie Chan, we discover our hero in Lake Tahoe, California. Chan has been invited as a home guest. He meets a glamorous Out of Printera singer, Ellen Landini, and she or he is murdered by way of a gunshot in the course of a party. Her servants and 4 of her ex-husbands are suspects within the case, all with vulnerable alibis. It truly is as much as Chan to resolve the murder. The clues are cryptic and deceptive through nature: the singer's personal revolver, scarves, cigarette containers with mismatched lids, and the activities of a bit puppy named Trouble. A part of the answer to the secret contains an aged Chinese language servant named Ah Sing--the keeper of the keys. Chan solves the case in his traditional understated, astonishing fashion.

"Le buone maniere non bastano a miles un uomo giusto" Il titolo "I sepolti vivi (Scene dalla 'Casa morta')" mi aveva sempre intrigato. È quello della copia in mio possesso pubblicata nel 1932 dalle Edizioni A. Barion di Sesto San Giovanni. Sapevo che in italiano quest'opera ha titoli molto mutevoli, e quando l'ho scovata quest'estate, lisa, sbrindellata, ingiallita e pigmentata, su una bancarella ho capito che aspettava me. Il non averla mai comprata, nonostante del Dosto abbia quasi al completo l'opera summa, non period che il segno del destino che aveva predisposto il giorno e il luogo:-) Immaginavo altro. Non certo Los Angeles denuncia antizarista sapendo come il "rivoluzionario" Fedor si fosse trasformato in un avversario implacabile dell'uomo nuovo russo. Piuttosto mi aspettavo un percorso simile a quello di Raskolnikov in Siberia: una rinascita spirituale dopo il trauma di essere stato catapultato in quel mondo abitato da scarti umani. "Come avrei potuto immaginare - scrive il suo alterego, il narratore interno - quale spaventosa tortura sarebbe stato il non potermi mai trovare solo, neppure in line with un momento, nel corso dei dieci anni d'ergastolo a cui ero condannato? Al lavoro, sempre sotto gli occhi della scorta, in casa sempre in compagnia di centinaia d'altri reclusi, e mai solo, mai!". Mi ha ricordato l. a. scena di Gesù tra i lebbrosi in Jesus Christ Superstar, quando tenta di sfuggirli tanta è l'angoscia di essere sopraffatto. Ma non appena entra in contatto con quella gente, che a pensarla da fuori fa paura, ecco che dimentica i suoi guai e scruta i suoi compagni, narrandoci l. a. vita che avevano condotto prima della deportazione. "In generale, i forzati parlavano poco del loro passato; rifuggivano dal raccontarlo, ed evidentemente cercavano di non ricordarsene neppure". Dostoevskij impara a conoscerne tutte le debolezze: l. a. vanità, l'invidia, Los Angeles violenza, Los Angeles tendenza a rubare anche agli amici, l. a. vigliaccheria, e tuttavia li salva. "... il tono di tutti consisteva, esteriormente, in una specie di dignità tutta propria, di cui period penetrato quasi ogni ospite della casa di pena. C'era da pensare che il titolo di forzato fosse un grado onorifico. Non una traccia di vergogna o di pentimento in alcuno. Si notava, comunque, nei detenuti, una specie di docilità apparente, un certo calmo, rassegnato modo di ragionare: 'Siamo gente perduta', dicevano". Dosto ha messo l. a. Keeper of the Keys (Charlie Chan #6) sofferenza dell'uomo al centro dei suoi pensieri, sofferenza che si coagula in un luogo di reclusione, totalitario in keeping with definizione. Qualsiasi atto della vita viene regolato senza che si lasci nessuna libertà all'individuo. "Tutti i forzati di Russia sanno che le persone che più mostrano loro

compassione sono i medici. I medici non fanno mai distinzione fra i detenuti e gli altri, come involontariamente fanno quasi tutti, tranne, forse, l. a. gente Keeper of the Keys (Charlie Chan #6) del popolo. Un popolano non rimprovera mai al detenuto il suo delitto, in keeping with quanto terribile esso sia, e gli perdona tutto in considerazione della pena che subisce e, in generale, della sua disgrazia”Il forzato, però, si ritaglia il suo spazio di libertà, attraverso un lavoro utile sia in step with conto del penitenziario che clandestinamente, con l. a. finalità di scambiare o vendere il prodotto delle proprie mani.“Un giorno mi venne in mente che, se si volesse schiacciare, annichilire totalmente un uomo, infliggergli l. a. più terribile delle punizioni, una punizione story da some distance inorridire, da atterrire il più Keeper of the Keys (Charlie Chan #6) feroce assassino, basterebbe infondere al suo lavoro un carattere di perfetta inutilità e di assoluta assurdità. Se i lavori forzati, così come son Keeper of the Keys (Charlie Chan #6) oggi, riescono privi di interesse ed uggiosi according to gli ergastolani, essi hanno tuttavia, come Keeper of the Keys (Charlie Chan #6) lavori in sé, una loro ragion d’essere, non sono assurdi: il forzato fabbrica mattoni, scava l. a. terra, dà l’intonaco, costruisce: tutti lavori che hanno un senso e uno scopo. (...) Ma si obblighi, in keeping with esempio, a versar acqua da una tinozza in un’altra, e da questa in quella, a pestar l. a. sabbia, a trasportare un mucchio di terra da un posto all’altro, e poi di nuovo a quello, e così via, continuamente: credo che in capo a qualche pace il disgraziato finirebbe consistent with appiccarsi, o commettere delitti su delitti, tanto da poter essere messo a morte, questa essendo molto preferibile a quello stato di umiliazione, di avvilito, di sofferenza.”Questo passo mi ha terrorizzato in keeping with los angeles visionarietà: come faceva Fëdor, quasi cent’anni prima a sapere che l’uomo, un gruppo di indegnamente uomini, sarebbe arrivato a tanto?Ecco dove sta los angeles differenza tra il lager e il gulag. Basta leggere “Una giornata di Ivan Denisovi?” di Solgenitsin e confrontarla con “I sepolti vivi” e “Se questo è un uomo”. Senza scambiare l’oro col piombo (l’essere dissidente di un regime deprecato dall’occidente non ha potuto trasformare il santone russo in un grande, nonostante il nobel smaccatamente politico) i primi due sono molto simili, il terzo è un parto demoniaco: los angeles vita nei due gulag, infatti, ha ancora los angeles parvenza di vita, bandita con ferocia dal lager nazista il cui unico scopo period los angeles disumanizzazione.
