there's lifestyles past church! The church in the USA is at some of the most serious junctions in history. For years she has been Kingdom Life: Finding Life Beyond Church irrelevant, unimportant, and pointless to our culture. In trying to counteract this, leaders in Christendom have replaced the message, the style, and the label of the church event to develop into extra relevant, whilst in essence they've got basically created seeker-sensitive versions that stay ineffective. The problem lies in the version itself. In country lifestyles you'll discover: Why present church types are failing in America, why your church event frequently leaves you empty inside, the genuine freedom and blessing that's present in the dominion of God, how the dominion version can certainly switch your life, the way to restructure your present ministry version into one who expresses the kingdom.
