Knowing the Spirit by Ostad Elahi

Ostad Elahi

Ostad Elahi's realizing the Spirit offers a concise and remarkably illuminating philosophic account of our detailed position within the universe: of the artistic expressions of the divine Spirit all through nature, and of the method of the soul's deepening perfection via the entire demanding situations and classes of our life during this global and beyond. This revealing publication attracts jointly in one imaginative and prescient Knowing the Spirit these symbolic teachings and non secular insights widespread to many Western readers this present day throughout the classical mystical poetry of Rumi, Hafez, and Attar. The historic context and language Knowing the Spirit of this learn are marked through the confluence of classical Islamic philosophy and spirituality, together with Sufi thought, and their scriptural sources. yet Knowing the Spirit Elahi's idea integrates these Knowing the Spirit impacts and marks them with the magisterial imprint of his personal profound religious event and attribute simplicity, openness, and directness of expression. This quantity bargains a unique masterpiece of contemporary religious thought, establishing up primary human Knowing the Spirit views and percentages too usually clouded via the distractions of present events. The emphatic universality of either the topic and presentation of realizing the Spirit issues the right way to unsuspected bridges among diverse civilizations and non secular traditions, certainly to the Knowing the Spirit possibility of an inclusive technology of spirituality in line with the typical flooring of every individual's religious existence and experience."
