L'Avare by Molière

Molière

Harpagon, vieillissant mais important est épargne chaque centime qu'il peut mettre l. a. major sur. En même temps il s'assure que ses deux enfants, sa fille virginale Elise et son fils dandy Cléante, vive sous sa volonté de fer. Pour compliquer les choses, Elise est tombée amoureuse L'Avare du beau Valère, qui se déguise comme servante dans l. a. maison, malgré son noblesse. Et, pire encore, Cléante et Harpagon sont tous les deux épris de l. a. même femme, los angeles belle, quoiqu'un peu obscure, Marianne. Pendant ce temps, les servants et d'autres intrigants sont à los angeles chasse de l'incroyable richesse L'Avare d'Harpagon, dont une grande partie L'Avare est maintenant enterré et protégé par des dobermans méchants. L'intrigue spirale à une fin exubérant comique, plein de rebondissements et révélations L'Avare scandaleuses qu'on peut attendre d'un des plus beaux jeux de Molière.

what number people have encountered somebody rather well off financially and but more affordable than dirt? i have met my justifiable share of those humans and it truly is with this type, the miser, that Molière is worried during this work. I pictured the common popular culture depiction of Dickens' Ebenezer Scrooge whilst interpreting the tale in regards to the ever so miserly Harpagon, a guy who cares extra approximately his écus, which he by no means spends, than his relations or the rest within the world, for that matter. Harpagon is surely a caricature, like such a lot of characters sketched by way of Molière, and the conflicts that he encounters couldn't be from now on hilarious, utilizing many comedic components which are nonetheless hired to today (the servant along with his hand-held out for a tip whilst his grasp places his hand in his pocket purely to supply from it a handkerchief; double entendres galore; amplified suspicions, as while the police commissioner asks Harpagon whom he suspects of stealing his cash and he replies, "Everyone"). there's not anything very refined approximately this work, however it is intensely unique and is a fascinating examine in avarice with an finishing that resolves in a L'Avare manner now not diverse from a lot of Shakespeare's comedies or from a few of Moliere's previous works. Its nice energy lies in its timelessness.
