La mirada inocente by Georges Simenon

Georges Simenon

Louis Cuchas es el penúltimo de los seis hijos de Gabrielle, una mujer que trata de compaginar a sus sucesivos amantes con su puesto ambulante de fruta y verdura. Crecidos en el ambiente promiscuo y problemático del pisito en que viven hacinados, los seis hermanos intentan encontrar su lugar en el mundo. Louis, observador, hipersensible e inocente —tanto que en el colegio le llaman «el angelito»—, va dejando atrás La mirada inocente l. a. infancia mientras asiste maravillado a los angeles bulliciosa vida que se desarrolla en el populoso mercado de abastos donde comienza a trabajar y en las calles aledañas; todo le atrae: sonidos, colores, imágenes, sensaciones y, en particular, las personas. Cierta día descubre su afición a los angeles pintura, y partir de ese momento vivirá sólo para esa pasión. Tal vez entonces su vida se precipite, tal vez Louis se convierta en un pintor célebre y llegue a vender muy caras sus telas, pero siempre verá las cosas como ese niño La mirada inocente introvertido al que llamaban «el angelito».

Simenon para mí es un escritor excellent para recuperarse después de unas lecturas decepcionantes que adelgazan l. a. ethical lectora. O sencillamente para reafirmar l. a. propia visión como lector. No lo tengo por un pensador brillante pero si por un observador certero, nada amanerado, y un escritor sin sombra afectación y por lo tanto auténtico. Me recuerda vagamente La mirada inocente a Baroja La mirada inocente en el sentido que con su prosa ágil y concisa es capaz de esbozar con precisión una escena con apenas unas pocas pinceladas sensuales como ahora unos olores, colores o gestos como si fuera un impresionista de los angeles prosa. Esta novela, creo que l. a. mejor de las que he leído hasta el momento, está expuesta como si fuera los angeles versión auténtica que ha de contradecir los mitos populares acerca de l. a. biografía de un maestro pintor apócrifo. Simenon lo describe como si fuera un ser al margen de las pasiones sociales que producen el deseo negativo como ahora los celos, las La mirada inocente envidias o el odio. En Louis el ímpetu important se manifiesta como en un sueño, como si fuera un animal. Un ser despolitizado y desconectado del entorno y el mundo entero, al que mira con extrañeza y sin sentirse apenas violentado por él, con lo que compone a un personaje singular ya no La mirada inocente sólo dentro de su propia producción, tan afín al imaginario de l. a. novela negra, si no en l. a. literatura en general. Por momentos parece una relectura de "El viente de París" de Zola, sólo que vista sin esa carga de gravedad y pasiones tristes que pesan sobre los personajes de los Rougon-Macquart. Por descontado, también puede leerse como una visión alternativa La mirada inocente del París del ultimate de los angeles belle époque, que es dónde l. a. narración hace más hincapié. Dentro del propio mundo de Simenon resulta atípica l. a. percepción que hay del tiempo. Ya no es sólo en como Louis revive su propia experiencia, caótica y desordenada, sin estar demasiado seguro de las fechas y sin contar con su ubcación dentro del calendario oficial, además también lo La mirada inocente es por como los angeles propia narración avanza con vocación de amplitud vital, con unos saltos certeros a través de los años; primero con más detenimiento y más tarde con una aceleración enorme, dejando así La mirada inocente entrever que los angeles configuración de un ser se da en esos primeros años a los que él dedica tanto esmero en confeccionar una visión que ni roza el tópico desde lejos. Se parece a una narración

diecinuevesca, aunque deseteñida de los colores del melodrama. Las alegrías y las tristezas aparecen con sutilidad, sin enfatizar su peso para multiplicar su impacto. Sé que por mi parte es algo apresurado, pero tengo clara l. a. impresión que supone una estupenda introducción a Simenon. Su característica escritura está aquí, eso no lo cambia para obtener más reconocimiento; también muchos elementos de su mundo como ahora La mirada inocente l. a. descripción descarnada de ambientes decadentes, pero ese aspecto de novela-río abreviada es un gran punto de enganche. Y por descontado, como ha sido en mi caso, también los angeles aconsejo como desatascador después de una serie de malas lecturas.
