# Lady Liberty: A Biography by Lenore Skomal

Lenore Skomal

positioned on a 12 acre island, the Statue of Liberty Enlightening the realm used to be a present of friendship from the folk of France to the folk of the us and is a common image of freedom and democracy. The Statue of Liberty used to be committed on October 28, 1886, distinctive Lady Liberty: A Biography as a countrywide Monument in 1924 and restored for her centennial on July 4, 1986. however the tale in the back of the Statue of Liberty is an engaging one, associated by way of the involvement of many attention-grabbing participants and a tough birth. In this book, the Statue involves existence and is born. full of interval images and magazine and diary entries, this publication indicates the commitment many folks felt to the undertaking because it occasionally struggled into being. Even after it used to be born, the statue was once passed off from executive organization to executive agency, Lady Liberty: A Biography falling progressively more into disrepair. In fact, as writer Lenore Skomal and her very good learn element out, the Statue was once left to the weather on my own till a new release or of immigrants, who remembered the statue as their first reminiscence of the United States, got here to her rescue, lead through the famed industrialist Lee Iacocca. A attention-grabbing story.

a brief learn with loads of details i did not know.
