Milano, notte di luna piena. Le due lune Un morso misterioso alla caviglia, e los angeles vita di Le due lune Veronica non è più l. a. stessa. Da quel momento le sue percezioni sono alterate, i suoi sensi potenziati, il suo corpo pervaso da un'energia senza limiti e strani sogni di un passato lontano los angeles perseguitano. Cosa le sta succedendo? Giorno dopo giorno, il suo mondo di liceale diciassettenne, fatto di Parini, fumetti, piscina, amiche e problemi di cuore, diventa un universo nuovo e pericoloso, dove uomini neri avanzano sospesi dal suolo, un ragazzo bello ed enigmatico entra nella sua vita, un uomo con occhi di serpente l. a. teme e custodi di antichi riti pagani vogliono ucciderla. Veronica è spaventata e trova aiuto nel conte Gorani, che con il suo sguardo verde sembra essere l'unico in grado di portarla verso l. a. verità.

un nuovo punto di vista di Milano con protagonista una ragazza di 17 anniche ci fa vedere che i problemi dei little ones sono quasi sempre gli stessi (sentimentalmente)anche in step with le creature di fantascienza! con caratteri interessanti (per l. a. maggior parte), una bella Le due lune visione delle leggende urbane di Milano tra gli occhi di una ragazza piu o meno matura consistent with l. a. sua eta (Veronica) e il lupo dentro di lei e il suo ribello contro i genitori e i bullies della sua scuola. un libro abbastanza interessante anche se alcune volte diventa un po noioso ma che riesce advert aggrapparti di nuovo dopo una o due pagine!
